PATIENT CONSENT FORM

The Department of Health and Human Services has established a "Privacy Rule" to help insure that personal health care information is protected for privacy. The Privacy Rule was also created in order to provide a standard for certain health care providers to obtain their patients' consent for use and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal medical records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information and information about your treatment, payment or health care operations, in order to provide health care that is in your best interest.

We also want you to know that we support your full access to your medical records. We may have indirect treatment relationships with you (such as laboratories that only interact with physicians and not patients), and may have to disclose personal health information for purpose of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclosure of your personal health information, but this must be in writing. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPAA Compliance Officer.

To Our Valued Patients:

The misuse of Personal Health Information (PHI) has been identified as a national problem causing patients inconvenience, aggravation, and money. We want you to know that all of our employees, managers, and doctors continually undergo training so that they may understand and comply with government rules and regulations regarding the Health Insurance Portability and Accountability (HIPAA) with particular emphasis on the "Privacy Rule:. We strive to achieve the very highest of standards of ethics and integrity in performing services for our patients.

It is our policy to properly determine appropriate use of PHI in accordance with the governmental rules, laws, and regulations. We want to ensure that our practice never contributes in any way to the growing problem of improper disclosure of PHI. As part of this plan, we have implemented a Compliance Program that we believe will help us prevent any inappropriate use of PHI.

We also know that we are not perfect. Because of this fact, our policy is to listen to our employees and patients without any thought of penalization if they feel that an event in any way compromises our policy of integrity. More so, we welcome your input regarding any service problems so that we may remedy the situation promptly.

Thank you for being one of our highly valued patients.

OUR OFFICE POLICY REGARDING INSURANCE ASSIGNMENT

Our office is pleased to accept your insurance assignment, as soon as your exact coverage is verified by the responsible party. We will file your claim forms and assist you in every way we can.

However, it must be fully understood that the contract is between you and your insurance company and you are fully responsible for any amount not paid by your insurance company.

Office policy regarding insurance assignment:

- Since by taking your insurance on assignment, we have to wait for payment, this courtesy may be withdrawn if circumstances warrant it.
- If you discontinue care without doctor's authorization, the balance of your account is due and payable in full immediately, even if your insurance has been filed. (If the insurance does pay, it will be refunded if you have a zero balance.)
- Your insurance should pay within 30 days. If your insurance has not paid within 60 days, you must pay balance due and be reimbursed by your insurance company when and if it pays.
- We will bill your insurance on 7 days cycles as long as you are receiving chiropractic care in this office.
- You may pay the percentage of your responsibility as you go along, if you choose. (e.g. If your insurance pays 80% of your care, you pay 20% on each office visit.)
- Or we will back bill your insurance company weekly, and when we receive an insurance check, we will bill you for any balance due at that time.
- You are required to sign an "Authorization to Pay Physician" form and any other assignment documents required by your insurance company on your first office visit.
- Our office does NOT guarantee that your insurance will pay. We will make every attempt, at
 the beginning of your health care, to receive verification of your policy and what it covers.
 However, if for some reason, your insurance claim is denied you are responsible for the full
 amount of your bill
- Our office will NOT enter onto a dispute with your insurance company over your claim. This is your responsibility and obligation.

If you understand and agree with all of the	above office policies, please sign your name below and
we will accept your insurance.
